FiscalDoctor™ Gary Patterson Helps High Growth Companies Explore Strategic Options at MIT Enterprise Venture Forum of Cambridge

Wellesley, MA—Gary Patterson, CEO of FiscalDoctor™ (www.fiscaldoctor.com), was recently a featured panelist at the MIT Enterprise Venture Forum of Cambridge <http://www.mitforumcambridge.org>. The panel acts as a “Board of Directors” for an evening and provides feedback and potential solutions to challenges faced by early stage entrepreneurs based on their own professional experiences and expertise.

FiscalDoctor™ President and CEO Gary W. Patterson has more than 30 years of senior management experience with high growth technology, wireless, manufacturing and service companies. He has worked with more than 100 companies — from start-ups to Inc 500 to Fortune 500 — providing high level strategic guidance and expertise.

Companies that would benefit from his help include: (a) Board of Directors package is complete less than 3 days before the Board meeting, reducing the value the company receives from this key resource; (b) A problem occurs which makes us wonder what other problems are out there; (c) Seems we just can't get timely enough financial information we need to run our business; or (d) Operations, Accounting, Legal and HR are not working as well together as you like.

CEOs, board members, executive teams, and private equity investors and owners interested in achieving and accelerating fiscal health are invited to take the short Fiscal Clinic quiz at <http://www.fiscaldoctor.com/fiscaltest.asp> and arrange a follow-up call with the FiscalDoctor at 781-237-3637.
