Gary's extraordinary track record includes building two start-ups (each achieving \$10 million in revenue within their first year), diagnosing company oversights to save \$150K to \$3 million annually; guiding a young company through a liquidity search resulting in \$25 million in financing, and; helping a company broaden its client base 525%, increasing revenue from \$16 million to \$100 million.

He has also negotiated more than 25 M&A transactions with a market value exceeding \$390 million and helped several companies reach tenfold compounded annual growth in revenue. His international experience includes serving as the European coordinator for the global enterprise-wide application of an innovative software pilot program for a Fortune 500 company.

Gary Patterson helps companies who can not complete their Board of Directors package at least three days prior to the meeting.
